

Greg Norman Signature Wagyu Beef

We are proud to introduce Bush Brothers Provisions newest exclusive line of Beef Products, the Greg Norman Australian Prime program. The Signature Wagyu is GNAP's flagship brand, a superb product for four and five-star white tablecloth accounts. It comes from the Darling Downs region of Australia, known for producing some of the country's highest quality beef. This product is a fully DNA traceable farm-to-plate standard. These products are available with marbling scores 5 to 12 on the Japanese BMS scale. This represents the greatest marbling possible in beef production.
